Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), an image data recording processor that can record image data in a recording medium that is readily removable from and attachable to an image reading device housing; a recording operation determination processor that determines, based on a state of said recording medium, whether a recording operation of said image data recording processor is possible; and a control processor that, when said recording operation determination processor determines that said recording operation is impossible, prohibits said recording operation and allows said image data transmitting processor to transmit said image data to a peripheral device as claimed in claim 13. Similar features are claimed in claim 15. Therefore, claim 15 is allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
